Sai Navadeep Krishna Velaga

7569267115 — navadeepkrishnavelaga@gmail.com — https://github.com/NavadeepKrishna

Summary

Computer Science undergraduate with a strong foundation in Java, SQL, React JS, and Python. Skilled in software development, problem-solving, and database management through academic projects and internships. Seeking an opportunity to contribute and grow as a Software Engineer.

Education

Vel Tech Rangarajan Dr. Sagunthala R&D Institute of Science and Technology
Bachelor of Technology in Computer Science $\|GPA : 7.99/10$ 2023 – 2027
Narayana Junior College 2021 – 2023
$Intermediate\|Percentage$: 78.5%

Projects

TechNova Ticket Booking Platform Jan 2026

- Developed a responsive ticket booking web application using React JS.
- Implemented user and admin dashboards with secure authentication.
- Integrated Razorpay payment gateway and QR code-based e-ticket generation.

Bone Fracture Detection System Nov 2025

- Developed an AI-based fracture detection system using deep learning.
- Applied image preprocessing and model optimization for improved accuracy.
- Built a web interface for fracture prediction and result visualization.

Experience

Data Analyst Intern, Elevate Labs Oct 2025 – Dec 2025

- Developed Python scripts for data processing and automation.
- Wrote SQL queries for data extraction and validation.
- Built interactive Power BI dashboards for business insights.

Data Scientist Intern, 1stop Jul 2025 – Sep 2025

- Developed machine learning applications using Python.
- Delivered NLP and EDA solutions on real-world datasets.
- Applied classification models and preprocessing techniques.

Tech Stack

Programming Languages: Java, Python, SQL
Core CS: Data Structures & Algorithms, OOP, DBMS
Soft Skills: Problem Solving, Teamwork, Communication, Adaptability
Databases: MySQL, PostgreSQL
Tools: Git, GitHub, VS Code, Excel

Certifications:

Data Analyst Internship — Elevate Labs Oct 2025 - Dec 2025
Data Science Internship — 1stop Jul 2025 - Sep 2025
